

SOARING WITH STAFF

Waffle Day

Lovington High School

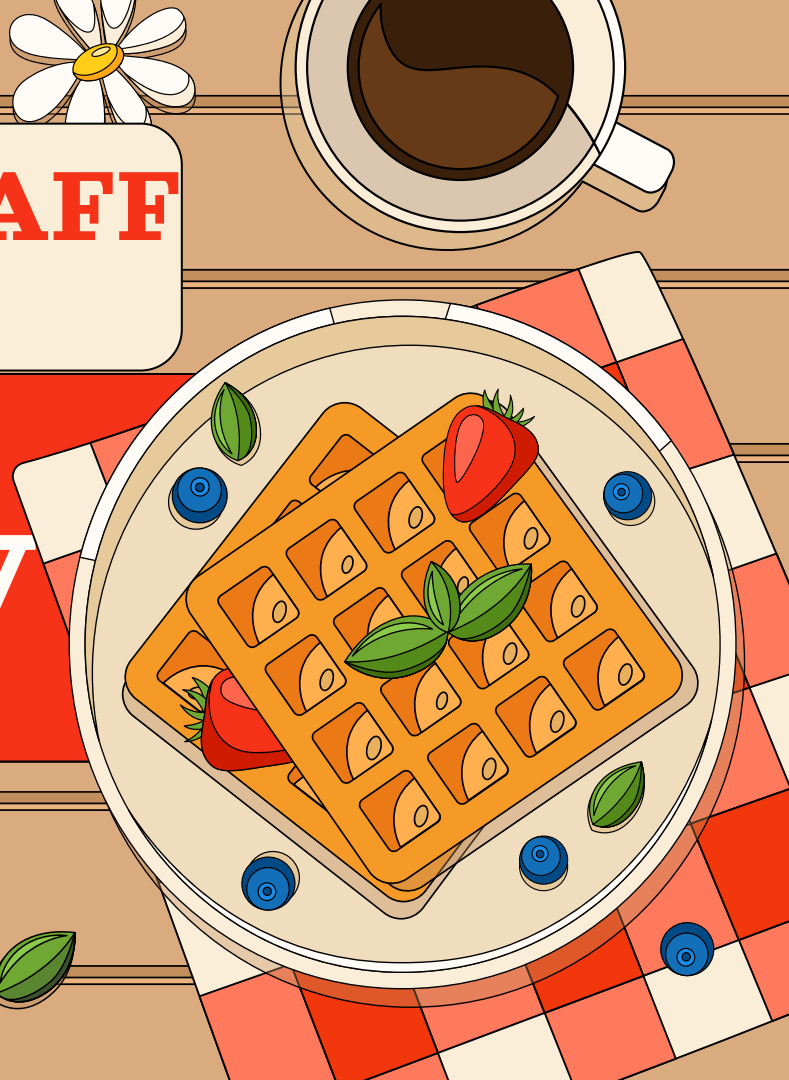

Table of contents

Goal

LHS stuco's goal was to show how much we value and treasure our esteemed teachers. We wanted all staff and administrators to know that all the hard work they put into each student has not gone unnoticed. Teachers are the ones who show us how to lead, and they bring us together to assemble our leadership crew.

Involvement

Student Council collaborated with FCCLA on the making of the waffles. Student council provided all the ingredients and FCCLA made the waffles.

Planning

Members of LHS student council came together and formed a committee for the event. The committee discussed what beverages, toppings, and materials needed for the event.

Impact

Student Council was able to empower our staff and thank them for all their hard work. Staff were able to have a fun enjoyable time and collaborate with other staff members.
